

Angloville Junior Legal Note

Angloville is committed to maintaining the highest standards of education and conduct. The main function of this legal note is for us at Angloville to fulfil our responsibility in making you aware of some important aspects of the local law. It would be remiss of us not to do so. At Angloville we work with many young individuals from different backgrounds. As such, compliance with the law is mandatory and we expect high standards of behavior. The following rules apply to everyone: coordinators, native English speakers, and program participants.

The management of Angloville and the coordinators of your program care about everyone's safety. The following information will be made clear to you when you meet with the coordinators, and you will be briefed on everything you need to know before the camp starts so that any concerns can be dealt with. We want to make you feel as welcome as possible, as you are giving up your time to help the local participants improve their language skills. In return, we want to provide you with a memorable and stress-free experience. Once you arrive at the venue, the coordinators will discuss the following information with you in more detail.

Your role as a volunteer is focused on being a great conversation partner for the local participants, while sharing your experience and supporting them in their learning process. Direct supervision of the local minors is performed by Angloville Coordinators, who are authorized by the Local Authorities to ensure a safe educational experience. Thus, compliance with their instructions and guidance is critical. Your safety is Angloville's highest priority. Thank you for your understanding.

And also for the purposes of being sent to the local participants upon request* (if you do not agree to give consent to this clause, then please let us know either by email, or clearly on this form given to you on day 1 of the program. The decision is entirely yours, and will not affect your application in anyway).....(space for comment).

HEALTH AND SAFETY RULES ON THE PROGRAM (VOLUNTEERS)
